

FABIC REACH KIDS CLUB

Health policy

- We do not give awards for perfect attendance, so there is no reason for a child to come to clubs when they are sick. If a child to you seems too ill to be at clubs, please contact the club director or coordinator to contact the child's parents to come pick up their child.
- If there is significant reason to believe that there are lice and/or nits in a child's hair, please contact the club director or coordinator to contact the child's parents to come pick up their child.
- If a child is injured during the club night and it requires more than just a quick bandage (such as every day scratches & scrapes) then the "Notice of Injury" form is to be filled out by the leader. Contact the club director or coordinator to contact the child's parents to come pick up their child.
